

NAME

fc-conflist – Show the ruleset files information on the system

SYNOPSIS

fc-conflist [**-Vh**]

[**--version**] [**--help**]

DESCRIPTION

fc-conflist shows the ruleset files' information being installed on the system.

OPTIONS

This program follows the usual GNU command line syntax, with long options starting with two dashes ('-'). A summary of options is included below.

-V Show version of the program and exit.

-h Show summary of options.

RETURN CODES

fc-conflist returns error code 0 for successful parsing, or 1 if any errors occurred or if at least one font face could not be opened.
